

## ANATOMY LECTURES AND LABS

No.	LECTURES TOPIC	Lec #
1	Introduction	1
2	Sensory pathways 1	2
3	Sensory pathways 2	3
4	Motor pathways 1	4
5	Motor pathways 2	5
6	Blood supply and Applied anatomy of spinal cord	6
7	Brain stem & cranial nerves 1	7
8	Brain stem & cranial nerves 2	8
9	Brain stem & cranial nerves 3	9
10	Brain stem & cranial nerves 4	10
11	Anatomy of cerebral cortex	11
12	Functional areas and their lesions	12
13	Blood supply of CNS	13
14	Diencephalon	14
15	Ventricular system and CSF circulation	15
16	Basal Ganglia 1	16
17	Basal ganglia 2 and internal capsule	17
18	Cerebellum and connections	18

19	Limbic system and reticular formation	19
20	Embryology of CNS	20
	<b>Lab subjects</b>	
21	Spinal cord and brain stem	Lab 1
22	Cerebral cortex and blood supply	Lab 2
23	Sagittal section of the brain	Lab 3
24	Coronal and horizontal sections of the brain	Lab 4
25	Cerebellum ,4 <sup>th</sup> ventricle	Lab 5
26	Radiology of CNS	Lab 6
