

Dear students

Regarding the CNS exam please note the following

1. The marks distribution is as follows:

	theory	practical	
mid	30 marks	5 marks	
final	46 marks	9 marks	
total	76	14	90

Note: 10 marks are for attendance.

2. The mid material for the theory exam is as follows

	material	No of questions	notes
anatomy	10 lectures, Dr Alsalem	15	These will not be required in the final.
physiology	14 lectures	14	
micro	5	8	These will not be required in the final
pathology	6	6	
biochem	2	2	
pharma	2	2	
PBL	1	1	
total		48	

3. You will also have a mid-practical exam composed of five questions:
4 anatomy to cover the three labs
1 pathology.. I will send a file with the pics required.

The lab material included in the mid will not be required in the final.

4. NOTE: anatomy material given by De Alsalem (10 theory lectures and three labs) will be required for the mid but not the final, so please study theses well.
The anatomy lectures and labs given by Dr Maha will be required for the final only.
5. All the five micro lectures will be required for the mid but not the final.
6. The aim of the above is for your benefit so you can concentrate on these topics, so please study well

Good luck

Dr Heyam Awad
